Do you need help with your child during the summer to prepare for the next school year? I have a few time slots available to review skills that may have been missed during the pandemic and begin previewing the upcoming school year's standards. All tutoring is done online using Zoom. Please schedule a free online session with me today by reserving your spot at https://brighterfutureslearning.com. I have been a teacher for almost 30 years and have earned two Masters degrees in Education and an "all but dissertation" Doctorate in Educational Technology. I currently teach 5th grade in the Vallejo City Unified School District. I would love to help your child be more prepared and successful in the upcoming school year. You can also call me with any questions at (707) 474-4885. Thank you, Mrs. Cirino
